A UNIQUE RECORD

Home testimony for Doan's Kidney Pills, published in every locality, is of itself convincing evidence of merit. Confirmed testimony forms still stronger evidence. Years ago a citizen of Monett gratefully acknowledged the benefit derived from Doan's Kidney Pills. The statement is now confirmed—the proof more convincing. Cases of this kind are plentiful in the work of Doan's Kidney Pills—the record is unique.

Felix Tucker, retired, 303 Sixth st., says: "I was troubled for years with bladder and kidney complaint. The kidney secretions were too frequent in passage and I had backache and pains in my head. Nothing relieved me until I took Doan's Kidney Pills. They helped me in a short time and I am now strong and well and feel that Doan's have cured me."

Mr. Tucker gave the above statement October 29, 1911 and on January 28, 1920, he added: "I have had no need of a kidney medicine since I last recommended Doan's Kidney Pills. I am glad to confirm all I said in my former statement."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Tucker had. Foster-Milburn Co., Mrs. Buffalo, N. Y.

NO SPECIAL VOTE FOR SENEKER'S SUCCESSOR

Jefferson City, Mo., Oct. 27.—Governor Hyde stated here this week that he would not call a special election in the Eighteenth state senatorial district to fill the vacancy caused by the death of Senator Loren E. Seneker of Mount Vernon. Governor Hyde said there would, in all probability, be no special elections of the legislature other than that called next week for enacting bonus laws, before the expiration of the present senatorial term, and that a special election would not be warranted.

The question as to whether the election should be called in the old senatorial district or that designated under the redistricting bill effected by the governor, attorney general and secretary of state had caused considerable comment on the situation. State officials generally conceded that since the unexpired senatorial term was in the old district, and that an election in the new would cause overlapping of representation in some of the counties, the election would have to be called in the old district.

NO ACORN

In Ohio they tell a story of a man who brought for entrance into a college there, a student, his son, for whom he wished a shorter course than the regular one.

"My boy can never take all that in," said he. "He wants to get through quicker. Can you arrange it?"

"Oh, yes," said the president. "He can take a short course; it all depends on what you want to make of him. When God wants to make an oak he takes a hundred years, but He takes only two months to make a squash."

A committee was appointed to see about the premium list, and another committee appointed to secure a building for the exhibition. Another meeting will be held next week to make further arrangements.

Mr. Howell, president of the Association, says there is a brilliant outlook for the Poultry Show this year. The date for the show has been so arranged that the Springfield, Joplin and "Heart of America" poultry shows will be over. He also stated that there will be a much larger showing of birds this year than ever before. The Meeting Ground of Town and Country—The Home Town Paper

THAT great part of non-city America which we call the country is in reality town and country. Sometimes the people of the farms have felt that the people of towns did not understand their problems any more than did those of the big cities. But there has been a common meeting ground for all in the big cities. It has chronicled the activities of the village banker and his and of the cross roads. It has told of the visits of the village and of the farms family and of the farmer and his family, of the new pavement in the village and the improved highway in the country. No publication ever was more entitled to be called "a slice of life" of the people than the home town paper. Week after week, year after year, it has ministered to the natural craving for the home town news of the countryside, the kind of news which no big city paper can furnish. Now the country newspaper is to have a "week" all its own. The thousands of country papers the nation over have got together to observe "Subscribe for your home town paper week" November 7-12. It is a week for all who love country and village life and "just folks." If you have let your subscription lapse, renew it. If you are a newcomer to the community, subscribe. If you are far from the old home town, make sure that at least once a week you can live again the joys of other days through the visits of the home town paper.
